as it predent or kind to permit your family to carry that much risk upon a life that is certain of destruction in a very few years, and that may be destroyed to-morrow?

Do you know that a Life Insurance Policy costs less than a Fire Policy?

On an ordinary stock of goods you pay a rate of from one per cent. to two per cent, per annum.

In case of a fire your loss will not probably exceed one half of the stock, while it may be but a trifle. You can earry a life policy for from

one per cent to two per cent, per annum (if under forty years of age) with a certainty of ultimate death, and there will be no salvage.

Did you ever think that if you insure your goods for a number of years, and then cease payment, that you obtain no further return for your investment? Bo you know to stain no further return for your investment?

Bo you know to staffer three years, if you cease payment in Atus Lafe hears-ance Company, you will obtain a full-paid policy for the value of all the premium you have paid?
